

This is our recommended career path for international students. If you would like to become a senior florist, this is the professional training path to take. All competencies are based on the nationally endorsed floristry training package, which includes all Certificate II competencies plus all units required for Certificate III in floristry.

Advanced Floristry Design Skills

Contemporary structural design skills, application of European design fundamentals, extensive training in classic and contemporary bridal bouquet skills, intermediate funeral design skills, practical application of creating a shop display and commercial shop ideas for every day work, advanced commercial design ideas including gift items and speed training.

Advanced Retail knowledge and Marketing Skills

Application of advanced product knowledge, advanced sales processes including quoting of weddings and other design work, basic marketing skills including demographic research and how to design and implement a promotional strategy.

Course Structure

Nominal hours: 873 hours including all units of competency in Certificate II and a minimum of 50 hours work experience.

Entry Requirements: 4.5 entry score under the International Language Testing System

Course Fees: \$16,895.00 AU

Application Fee: \$1000.00 (non-refundable)
